

Distributed Processing of Large Remote Sensing Images Using MapReduce ^[1]

Submitted by admin on Thu, 03/02/2017 - 21:45

Title	Distributed Processing of Large Remote Sensing Images Using MapReduce
Publication Type	Thesis
Year of Publication	2011
Authors	Tesfamariam EBeyene ^[2]
Advisor	Foerster T ^[3] , Henneböhl K ^[4] , Caetano M. ^[5]
Academic Department	Geoinformatics
Degree	Master of Science in Geospatial Technologies
Number of Pages	85
Date Published	02/2011
University	University of Muenster, Universitat Jaume I, and Universidade Nova de Lisboa
City	Muenster
