## All things

Training Days - January

Conference - February

## About

rstudio::conf is about all things R and RStudio! In January 2017 we gave it an average score of **8.7 out of 10**. Now you can be more advanced and new R users in San Diego January 31-30, 2018. Better at data science with R – and have some fun and

For 2018 we've added more optional Training Days for beginners and for advanced users and administrators. We've added three tracks: One focused on the fundamentals of data science for more experienced RStudio users on advanced capabilities, interoperability, and a third on solutions to interesting

Don't miss the opportunity to network with RStudio speakers from RStudio speakers and leading R practitioners, in San Diego in January!

*“Overall, one of the best conferences I've attended.”*  
– rstudio::conf 2017 attendee
